

# Liberty X, The Poet

Oh, mmm,

You stole a poem from a book  
Made believe that it was yours  
You seduced me with those words (you seduced me)  
And I couldn't help but fall

I fell in love with you that night  
I let the lyrics speak to me  
They cast a spell upon my heart  
With their sensuality

The truth is you were faking it (you were faking it)  
That beautiful verse was counterfeit  
Caught you doing a 'de Bergerac'  
You may be cute yeah  
But I need deeper than that

If writting on paper  
Can steal my heart away  
Just imagine what his lips  
On my body would say  
If words were kisses  
He'd be making love to me  
Arousing my emotions  
Touching me with poetry

Take my eyes, my heart, my soul  
For without thee I'm incomplete, oh-ho

Baby you were well rehearsed  
With your borrowed pick-up lines  
Your pretty eyes gave you away  
Body language doesn't lie

(the truth is)  
The truth is he was faking it (he was faking it)  
He stole my words, he's counterfeit ('cause I'm the poet)  
I'm not doing a 'de Bergerac'  
(Believe me girl) You need to hear me girl  
I'm deeper than that

If writting on paper  
Can steal my heart away  
Just imagine what his lips  
On my body would say  
If words were kisses  
He'd be making love to me  
Arousing my emotions  
Touching me with poetry

The wind howls, the earth shakes  
The rivers flood, the dam breaks  
I gotta hear his voice, I gotta touch his skin  
Gonna search the world, 'till I find him

Thine kiss is unknown to me  
Shall there be no reason yet to breathe  
And if your heart is spoken for  
Condemned am I forever more

If writting on paper  
Can steal my heart away  
Just imagine what his lips

On my body would say  
If words were kisses  
He'd be making love to me  
Arousing my emotions  
Touching me with poetry

If writing on paper  
Can steal your heart away  
Just imagine what my lips  
On your body would say  
If words were kisses  
You'd be making love to me  
Arousing my emotions  
Touching me with poetry

Thine kiss is unknown to me  
You know what I say  
Shall there be no reason yet to breathe  
And if your heart is spoken for  
Condemmed am I forever more
