

# Lighthouse Family, Postcard From Heaven

If you never say goodbye  
To the best thing in your life  
There are things you don't appreciate  
At all

So it's best that you don't try  
Holding back the time  
Are you ever gonna be  
Quite satisfied

Postcard from heaven  
Go to where you belong  
Never find the perfect situation  
Untill you know where you're from

If you ever say goodbye  
No regrets, I won't ask why  
And I wish you all the best luck  
In the world

Should you ever change your mind  
Holding back the sunshine  
Are you ever gonna be  
Quite satisfied

Postcard from heaven  
Go to where you belong  
Never find the perfect situation  
Untill you know where you're from

Postcard from heaven  
Go to where you belong  
Never find the perfect situation  
Untill you know where you're from

Postcard from heaven  
Go to where you belong  
Never find the perfect situation  
Untill you know where you're from
