

Lighthouse Family, Postcards From Heaven

If you never say goodbye
To the best thing in your life
There are things you don't appreciate
At all

So it's best that you don't try
Holding back the time
Are you ever gonna be
Quite satisfied

CHORUS

Postcards from heaven
Go to where you belong
Never find the perfect situation
Till you know where you're from
If you ever say goodbye
No regrets, I won't ask why
And I wish you all the best love
In the world
Should you ever change your mind
Holding back the sunshine
Why you ever gonna be
Quite satisfied
(CHORUS X3 AND FADE)
