## Lighthouse Family, Postcards From Heaven

If you never say goodbye To the best thing in your life There are things you don't appreciate At all So it's best that you don't try Holding back the time Are you ever gonna be Quite satisfied CHORUS Postcards from heaven Go to where you belonf Never find the perfect situation Till you know where you're from If you ever say goodbye No regrets, I won't ask why And I wish you all the best love In the world Should you ever change your mind Holding back the sunshine Why you ever gonna be Quite satisfied (CHORUS X3 AND FADE)
