

# Lightnin', Stool Pigeon Blues

Good Lord, just let me live &#039;til tomorrow,  
I&#039;m gonna send you another prayer  
This is taped

Yes, &#039;til tomorrow,  
this black man gonna send you another prayer  
You know, sometimes I begin to wonder,  
what in the world am I doin&#039; over here?  
You don&#039;t love me no more, baby,  
and I can&#039;t see the reason why  
You don&#039;t love me no more, baby,  
po&#039; Lightnin&#039; can&#039;t see the reason why

You know, I never told you no story,  
if you don&#039;t understand that,  
and I never have told you a lie

Yeah, the birds was singin&#039;,  
and the wind begin to blow

Yeah, the birds was singin&#039;,  
you know, the wind begin to blow

You know when a pigeon joined in and went to singin&#039;,  
I never heard such a sweet voice before

You know a pigeon mean more than one that fly in the air?

It can be a stool pigeon, you know that&#039;s, you know what that is?

One that sit on a stool and pimp to the law

That is a pigeon

I want everybody understand me so they know,

I just done give up and I ain&#039;t gonna try,  
to live they life no more,

No, no more

You know, I ain&#039;t gonna find no heaven here,  
now, no place on earth I go
