Let 'em know

You might say that you love me, but I know that you lyin'  
But I'm fuckin' with you, yeah  
You done crossed me one time and I took you back time after time, oh yeah  
Time after time, time after time after time, oh yeah  
I swear it's time after time, time after time after time, oh yeah

Here we go again, listenin' to your friends  
They ain't the one sleeping with me, they ain't got that new Benz  
Know you probably tired of my lies  
Know you probably think that you can find another guy but not this fly  
I'm like why you listen to that bullshit that they put in your ear?  
I'm the same one that dropped a dub and put it in your ear  
He say she say every other day, I know you tired of it  
Just be honest, you knew what it was when you signed up  
I can't 'pologize enough  
This what we gon' do, just get my things and pack 'em up  
I'm so through with you, I don't know what to do  
Probably lose my cool  
I can't see me in no prison, I got shit to lose

You might say that you love me, but I know that you lyin'  
But I'm fuckin' with you, yeah  
You done crossed me one time and I took you back time after time, oh yeah  
Time after time, time after time after time, oh yeah  
I swear it's time after time, time after time after time, oh yeah

You keep startin' this bullshit, so I'ma let you go  
Fuck it, find another ho, I got a bitch to play your role  
And you keep telling me that you really love me  
You put no one above me  
And I know you're in your feelings  
I know you caught me down bad, I was trippin'  
I was caught up in the hype, fuckin' bitches  
Bae do I ever come up in your dreams?  
When I'm buying you all these fuckin' designer things  
And I'm giving you the world on everything  
And it's me and you against the world, bae you dog  
Back to back in them halls  
You shittin' on bitches, fuck the law  
And I know you get tired of them lies, I can see it in your eyes, yeah  
I know you really fuckin' with me

You might say that you love me, but I know that you lyin'  
But I'm fuckin' with you, yeah  
You done crossed me one time and I took you back time after time, oh yeah  
Time after time, time after time after time, oh yeah  
I swear it's time after time, time after time after time, oh yeah
