

# Lil Baby, Up (feat. Lil Duke & Gunna)

I been tourin'  
Can't get to me  
They can't get to me

They can't get to me because I'm up right now  
They can't get to me because I'm up  
Flyer than a motherfuckin' pilot  
We been on the jets, we fly private  
I just touched down in LA today, in New York tomorrow  
Then I gotta go to Texas, I'll be back tomorrow  
Ever since I was a youngin' I been chasin' every dollar  
Count up them blue hundreds, we ain't got no money problems

I'm tryna stack up and get it  
I went from rags to riches  
I blow the bag in Lenox  
I heard your Jag was rented  
I know you mad, admit it  
Jump in that Lam and hit it  
When I put that shit on I be drippin'  
I fuck the baddest bitches  
Bend that shit over, let me hit from the back  
She got some good head, I'ma send her to Saks  
Bitch I'm a dog and I'm killin' the cat  
And I'm a slime, bitch you better free Yak  
You niggas don't talk, boy you better relax  
I make a call, get you beat with a bat  
Get your shit popped like the top of a gnat  
I got the cheese and you niggas is rats

They can't get to me because I'm up right now  
They can't get to me because I'm up  
Flyer than a motherfuckin' pilot  
We been on the jets, we fly private  
I just touched down in LA today, in New York tomorrow  
Then I gotta go to Texas, I'll be back tomorrow  
Ever since I was a youngin' I been chasin' every dollar  
Count up them blue hundreds, we ain't got no money problems

And I left the hood broke, came back in a Murciélago  
I might fuck on your daughter, I used to ride on MARTA  
Bitch know I'm a player, I coach the team like Coach Carter  
She tried to take me to Maury, no bitch I'm not the father  
All of these bitches they know that we get it  
Takin' them private flights city to city  
The shit that they doin', we already did it  
Never been losin', we already winning  
Coupe fully loaded, it's already tinted  
.. off the lot, leave the top with the dealer  
I'm not a rapper, bitch I am a dealer  
They can't get to me 'cause I'm in the middle

They can't get to me because I'm up right now  
They can't get to me because I'm up  
Flyer than a motherfuckin' pilot  
We been on the jets, we fly private  
I just touched down in LA today, in New York tomorrow  
Then I gotta go to Texas, I'll be back tomorrow  
Ever since I was a youngin' I been chasin' every dollar  
Count up them blue hundreds, we ain't got no money problems

We ain't got no money problems, we ain't got no money problems  
I told 'em put me in the game coach, I'm a starter  
And if she actin' like she need me I'ma starve her

Remember days ridin' on MARTA  
But now we flyin' private jets to different cities  
And I keep a bad bitch with me  
Two chains everywhere like Tity, I done grewed up  
Bad bitches askin' where the weed, it's time to roll up

They can't get to me because I'm up right now  
They can't get to me because I'm up  
Flyer than a motherfuckin' pilot  
We been on the jets, we fly private  
I just touched down in LA today, in New York tomorrow  
Then I gotta go to Texas, I'll be back tomorrow  
Ever since I was a youngin' I been chasin' every dollar  
Count up them blue hundreds, we ain't got no money problems
