

Lil Chris, Gettin' Enough??

I remember the first time
I remember the first presperation
I remember the way she thought that I was funny

Like a fool I adored her
I was stood in the corner shakin'
It was getting too much for me to baaaaaare !

Chorus

Are you gettin' enough with someone
Are you gettin' enough with someone
I can help you
Then maybe i'll be that someone
You'll be gettin' enough with

Are you gettin' enough with someone
Are you gettin' enough...enough to satisfy you
Then maybe you are that someone i'll be gettin' enough with

And so I - I got her number on my hand
I got her number then two weeks later
We got together and then decided to take things further

Then it was time to get fonder
So I started to wander on her
It was gettin' too much for me to baaaaare!!

Chorus

Are you gettin' enough with someone
Are you gettin' enough with someone - I can help you
Maybe you'll be that someone you'll be gettin' enough with

Are you gettin' enough with someone
Are you gettin' enough...enough to satisfy you
Maybe you are that someone i'll be gettin' enough with

I never got off with a girl like this
'Cos I never took a chance with a girl like this ohhh ohh - ohhh ohhh

I never got it on with a girl like this
'Cos I never took a chance with a girl like this ohhh ohhh - ohh ohhh

Chorus

Are you gettin' enough with someone
Are you gettin' enough with someone - I can help you
Maybe you'll be that person you'll be gettin' enough with

Are you gettin' enough with someone
Are you gettin' enough...enough to satisfy you
Maybe you are that someone i'll be gettin' enough with
Ohhhhhhhhhhhhhhhhhhhhh
