

Lil Chris, I've Been Had

I can't forget ya it's making me mad
'cos when i met ya it made me feel glad
now i know o-o-oh i've been had

i've got one reason for feelin' so sad
i saw you leaving but i didn't add
now i know o-o-oh i've been had

BRIDGE

cos i , i wanted you baby
and it seems to me that i'm not afraid
oh electrical lover
can't you see i won't run away

CHORUS

i gotta say that i want you and i need you
and there's nothing i can add
except that i love you and i hate you
but i feel like i've been had...
but i still want you

you were my craving and i was your fad
you look so good but i want you bad
even though o-o-oh i've been had

BRIDGE

CHORUS

you're so dangerous
so outrageous
and there's nothing i can do
except to say that
i gotta say that i want you and i need you
and there's nothing i can add
except that i love you and i hate you
but i feel like i've been had...

i have lost my mind
i have lost my mind oh no

CHORUS
