

Lil Flip, How You Want That

Yeah
Bad Boy, baby
Loon
It's your turn now, Kid
Show 'em what you got

I be a young handsome cat, same color chocolate
Same nigga pop shit, same nigga got shit
Loon ain't no lame, Loon never gossip
Nigga Loon to gain 'cause Loon got some hot shit
Sick of you cats screamin' I block shit
I done sold numerous drugs and do the block six
Look at me now, I pull up in the drop six
Bitch on your block lookin' my watch and she got sick
Look at her now all up in the cockpit
Rollin' my windows up to get a kid's hot quick
Loon is a pimp, trick ain't the topic
Nigga, you do the shrimp, trip to the tropics
It's not my steez, not like me
It's not the way I wanna blow my cheese like I blow my
trees
The whole world know what I need
A girl that'll curl my toes for me

How you want that
Tell me how you want that
How you want that
Tell me how you want that
Daddy, how you wanna give it to me
A Bad Boy is what I need

How you want that
Tell me how you want that
How you want that
Tell me how you want that
Daddy, how you wanna give it to me
A Bad Boy is what I need in my life

Mass-confusion
Party with Puff last conclusion
Grab Shorty there with the hair, ass is huge and
Lips is juicy, way she move her hips so loosely
Critical curve, see and through furs
Curious, so I wanna see if it's hers
Delirious, so I had to see if it's hers
(It wasn't me) I'm in touch with the song, me and my
words
You ain't gotta flip the script, kick me to the curb
I was just checkin' you, wasn't disrespectin' you
Lips are sexual, why your friends protectin' you
Baby girl, I know you're far from a slut
I know the difference between a car and a truck
I'm not a dumb nigga
You had this young nigga scarrin' you up
You know the difference between a scar and a cut
You not a dumb nigga
So let's take it from the car to the club
And the hit the bar and get a bottle of bub and have
fun, nigga

How you want that
Tell me how you want that
How you want that
Tell me how you want that

Daddy, how you wanna give it to me
A Bad Boy is what I need

How you want that
Tell me how you want that
How you want that
Tell me how you want that
Daddy, how you wanna give it to me
A Bad Boy is what I need in my life

???

Have a little small chat, small huddle
Time to make more money than trouble
And we all hungry and hustle
And we all humble
But together we got more muscle
And we got dough, nigga, me and P., we hot, yo'
Make a Hip-Hop show look like a Rock show
For Jesus Christ, nigga, where did the Ros' go
Want the world to see, so we keepin' them tops low
Roscoe, keep it on my left for Brosco
One shot, your blood drip thicker than Bosco
Drop dog, get the illest cat with the hot flow
Watch a pro, try to grow him into a snot nose
I pity the fool, never touched Cesar's cool
So you can't hang with Diddy and Loon
The all-star P. Diddy was cool
Got more broads than you and any nigga in your crew,
Bad Boy

How you want that
Tell me how you want that
How you want that
Tell me how you want that
Daddy, how you wanna give it to me
A Bad Boy is what I need

How you want that
Tell me how you want that
How you want that
Tell me how you want that
Daddy, how you wanna give it to me
A Bad Boy is what I need in my life

How you want that
Tell me how you want that
How you want that
Tell me how you want that
Daddy, how you wanna give it to me
A Bad Boy is what I need

How you want that
Tell me how you want that
How you want that
Tell me how you want that
Daddy, how you wanna give it to me
A Bad Boy is what I need in my life

Bad Boy, baby
The legacy continues
We won't stop, yeah
And another one
And another one
West Coast

How you want that
Tell me how you want that
How you want that
Tell me how you want that
Daddy, how you wanna give it to me
A Bad Boy is what I need

How you want that
Tell me how you want that
How you want that
