After one year in college, I went straight to the pros

So when I throw a no-look pass, go straight to the goal

Don't move in slow (why?), cause I'm hyping up the crowd

Cause when he shootin these free throws, I want everybody LIVE

I'm the greatest in the game cause we winning by thirty

And after the game, I'm gone take off my jersey

And throw it to the fans cause that's how I get it down

It's EA Sports and Lil' Flip representin H-Town

[Chorus x2: Lil' Flip]

I'm the greatest player to ever play the game (play the game)

I should retire my jersey cause y'all know my name (y'all know my name)

You out of your brain, don't shoot cause you out of your range (you out of your range)

Cause I'm like a mack truck when I'm driving a lane, uh

[Verse 2: Lil' Flip]

Plus we get respect if we make it to the playoffs

So watch me stop and pop, it's all in the wrist

Say Lil' Ron hold him, he taller than Chris (swish)

That's what you hear whenever I shoot a three partner (woo)

They double-team, I got shooters in each corner (uh)

So look out (look out)

Before you get took out (took out)

Your coach mad cause you let me hit a hook shot (ha ha)

I got a triple-double (triple-double)

It's one quarter left (one quarter left)

They got home court advantage, (so what?) don't disrespect the ref

Before you get a tech (tech)

We about to see who the best out of the east and west

[Chorus: Lil' Flip]

[Verse 3: Lil' Flip]
