LMFAO:

First off I'm gonna go with this
I walk in the club with the coolest b*tch
Straighten up you gotta focus
My glass half empty better pour some shit in it
As a matter of fact go ahead and drink that
Couple of more shots gonna get the freak back
Leave that, now i need that
Dizzy like a record go ahead and leak that
Champagne is like a player base
when a girl's act naughty and spre'yem up in the face
Yeah
The Girls like college
I'll be the due walking around with the rare gauggles
Reach around and my bottle's
Looks like 4th of July when they bring them bottles
