

# Lil' Keke, Body Rock Wit Me

(Lil' Keke)

Body rock or start rocking, if you rocking it now  
Tell the DJ start mixing, if he chopping it now  
Look at me, I'm so fresh so clean  
Digital TV screen, got me lighting up the scene  
Look at me, I'm steady running with G's  
Rolling on them 21's, 22's and 3's  
We got the drank the dro, plus the alcohol  
For my people who be ready to ball, come on  
Let's hit the flo' and let it go, 'fore I start the show  
Get your back up off the wall, come on  
Start club hopping, in the city where it's popping  
A lot of bodies rocking, a lot of women flocking  
Trying to kick it, they rolling with the niggaz with the tickets  
I make my cash flow, jump up a whole digit  
Look at me, I graduated a G  
Now put your hands in the air, so the crowd can see

(Hook)

(you feeling good), then body rock with me  
Go on represent your hood, and body rock with me  
All the independent women, come and rock with me  
Get your hands up high, so the crowd can see  
(you feeling good), then body rock with me  
Coming straight up off the streets, it ain't no stopping Ke'  
Real G's, body rock with me  
Put your sets in the air, so the crowd can see

(Devin the Dude)

And that's the only way to do it round here, is to have fun  
Some niggaz got drank some got sweets, some have blunts  
And yep I'm one of the ones, my lungs hold tons of weed  
Smoking with niggaz like Snoop, Ke', Bun B  
Yukmouth, D'Angelo there's more on the menu  
I can keep naming people, but I'm not fin to  
Cause I'm here to have a good time, body rock  
I'll probably hop out on the flo', just to let you hoes know  
That I can go way back, cabbage patch bitch what  
I bust a windmill, backspin then get up  
Start body rocking again, side to side hop and spin  
That move didn't get no pussy from you, but it got your friend  
Out here dancing, with her hands in the air  
Waving em, like she just don't care  
Yeah letting the crowd see, letting herself be free  
Letting her body rock, with me

(Hook)

(Lil' Keke)

Here comes the go-getter, yeah the quick lick hitter  
The dope rhyme spitter, you wanna take a picture  
Let me hit ya, sky page two way style  
I'm a gangsta, that's trying to keep a low profile  
With a pen and a paper, trying to pull a caper  
Me and Mr. Lee, and a nice big plate of  
Beats, so we keep on crushing the streets  
Laid up in some'ing lovely, in a first class suite  
Trying to smoke a fat sack, body rock and all that  
Alert the Nextel walkie talkie, get right back  
I give it to em, and at the same time do em  
I mix em slow em down, so that means I'm trying to screw em  
So it's lights out, baby what you tal'n bout  
Bout to turn out the party, get it crunk no doubt  
All the independent women, go on shake it to death

Get your hands in the sky, if you feeling yourself uh

(\*talking\*)

You feeling good, say man check it out

Down here in Texas, well better yet the Dirty South
