

Lil Kim, Looks Like Money

Yea, cash money ? that?s so last year
Now when I do a show they gotta pay me in gold
You talkin bout bread? Gotta pay me the loafs
Be sippin on Rose that we made in the toast
Celebrate to the good life
I?m married to the money, I?m a good wife
Hunned grand for a show, that?s a good night
What it look like? What it smell like?
I?m smellin like I?m fresh out the bank
Yall ain?t getting money?
Oh, yall can?t relate
Kimmy go hard in the motherfuckin paint
I?m dunkin on you hoes like Blain
Let?s separate the real from the fake
The workers from the bosses
Most the nice stones turn them diamonds that?s flawless
I?m a winner, I ain?t good at takin losses
And we don?t fuck with 9-1-1, that?s just the cautious

I look money, I smell like money,
I talk money money, my girl got money
/4x

See me lookin like a hunned bill
Like Lewinski, I?m tryna blow a bill
50 grand in that Hermes bag
?Cause reptile like all you snakes in the grass
They like ?girl, you be killin em?
No longer single like this, married Benjamin
So tell a friend to tell a friend that it?s Kim again
Yea the queen is back and I?m bout to finish em
Yea, my attitude like fuck it
Show game rough, more than yo whole budget
You already know, it?s the best that ever done this
So them other hoes, they can pack it up like luggage
Smell like money
Talk like money
VVSs that?d make a rainy day sunny
Little Kim the goddess, Playboy bunny
And we do the money dance like niggas do the doggie, yea

I look money, I smell like money,
I talk money money, my girl got money
