

# Lil' Kim, W.P.I.M.P.

Good evening ladies and gentlemen  
I am here live  
Welcome to W.P.I.M.P. T

I don't know what it take  
I'm talking about it's hard in the beginning in the industry  
How the f\*\*k do you get in the industry and then stay there  
Every time you come out you got some more hot shit  
Doing some more shit that bit as 'round the country go  
That's what the f\*\*k I meant to do  
That's living legendship

You just livin', that's how I've been  
But if you don't watch your mouth  
Somebody might take it apart too
