

Lil Menace, Down 4 Da One Three

Now you gotta ask yourself one question
Do you really wanna fuck with me putos?

(gunshot)

(Verse 1)

Its party time so get the glocks for the cops we on a mission
Lil Menace in the house so there ain't no competition
I'm spitting on these putos trying to put me down
You know this South Central gangster don't fuck around
But as long as your giving me that love
Represent the 1-3 and muthafuck the cops
I'm hustling bank everyday its the same thing
Some leva wants sum money see you later bang bang
Cus Menace ain't gonna bow down to nobody
No leva or a hoodrat can play me like a dummy
But thats some shit you gotta learn
Hold your own and don't get muthafucking burned
Cus the city we live in is all about politics
Tryna put my raza down kinda makes you sick
But the SUL never die gangbangin for life
Lil Menace in the house throwing up that Sur Side

(Chorus)

Rolling thru the calles and making money
So don't you try to get me crazy
Lil Menace puts it down for the 1-3
Getting hynas all the time we straight party
Southern Califas ride with me
A lil cholo getting down for the homies
So don't you try to get me crazy
Familia Records is down for the 1-3

You know whats up and you know I'm down for whatever
All on my shit I just flow from the heart
And you know I be lighting up a muthafucking spark
In your neighborhood always up to no good
Always rolling 13 deep in a fucking Chevy or a Cutlass Supreme
