

# Lil Menace, I'm Still Here

Let's get it on get it on get it on

Chorus

I'm still here (3x)

( Lil menace )

Mija you must of put a spell on my mind come give me some of your time cause damn you find and your kisses taste like wine now I'm sitting here all alone reminiscing about the time's we share the love we had and know I'm missing cause you're the only one that had that part of me yes the key to my heart I was your portion and you were my recipe I miss you baby I'm waiting for you to come back you a pear like I'm aragick everyday it makes me sad because I reach out to you but your just a vision like an angel coming from heaven to get what you was a mission but I known now that I'm with you again there no time to be friends cause I'll be here till the end

Chorus

I'm still here (3x)

After so many years would you think I would go I don't need to say I love you cause you already now the time we spent together was the best in my life my expectations were slowly of you been my wife I would young I would give for you to know what you mean to me something I never felt before is worth you bring to me my angelito chiquito my dulcecito you were my mamacita I was your papacito I could see your eyes looking and your smile that makes me crazy I feel your hands touch me and your kisses are making me lazy everyday is a knew beginning you were my primavera you are always on my mind 24/7 I suera god how I miss ya damn how I need ya your all inside my body hah I even breath ya but your not in front of me so I could see if you ever come back you'll know were I'll be because

Chorus

I'm still here (3x)

Mi amor ven a qui y dame un beso esto es amor por que lo siento en mi pecho un beso por un beso I nunca te dejo sola con nadie por que eres mi angel del cielo diosito gracias por darme este regalo la rason por que yo estoy enamorado hey mija te dije que nunca te iba a olvidar tu eres mi sol y ahora tengo que trabajar para tu corason que tienes por dentro vamos a estar juntos por vida o asta que yo me muera.

I'm still here ( 3x)
