none of my cars ain't rented
all matte black, my windows tinted
fuck a bitch once and now I am finished
fuck a bitch once and now I am finished

Racks on Racks

Racks on Racks
Racks on Racks
Bitch!

none of my cars ain't rented
all matte black, my windows tinted
fuck a bitch once and now I am finished
fuck a bitch once and now I am finished

fuck a bitch once and now I am finished
popped two perc's, now I don't feel it
is you with it?
show me your titties
ugly ass hoes cannot come kick it

ohh, all black lambo
I fuck a bitch in my Versace sandals
got a new bando, look like castle
told the bitch let me sniff coke off her asshole

80 degrees, still wear Gucci fur coat
bust in her face and she call it a facial
I left Patricia and now I am with Rachel
fell asleep on a Xan, woke up with bankroll

ohh, woo, woo, woo
she flash her tities out of the roof
oh oh oh
I think I got some Molly in my tooth

I could buy you coke, but I can't but you food
told the bitch come bring the food to my room
bitch what the fuck wrong with you
