

# Lil' Romeo, True Love

(feat. Solange)

[Chorus 1]

Love has truly been good to me  
Not even one sad day of memory i've had  
Since you came my way  
I hope you know i'll gladly go  
Anywhere you take me ain't no limit to this love  
I'll follow you to the moon and the sky above

[Verse 1]

The first time i met you  
I didn't sweat you  
My Juliet i knew that i catch you  
Gave you the key to my heart you unlocked it  
A perfect match you the plug, i'm the socket  
As time moved on we became friends  
I knew was love at first sight and it wasn't 'bout to get wit this  
You was there when i needed you  
I remember writing letters on the road i wanna be wit you  
I know we young and we got time  
Little soldiers need love so girl i want to make you mine  
We could roll together, go to shows together,  
my best friend girl lets grow together

[Chorus 1x]

[Verse 2]

We could walk together rode busses together  
Ya moms call us telling things we stuck together  
We at parks play hide and go seek  
I find you, or you find me  
This was meant to be they call us little one and shorty find us hugged up at every school party  
We study together, ball together, somebody said cupid must've brought us together  
I love your cute eyes and you love my tight braids  
Play video games almost everyday and when we not together we on the phone talkin' 'bout our  
first kiss and we don't wanna be alone

[Chorus 1x]

[Verse 3]

And i remember so while how your smile made me feel bright like the sun shine i'm so glad that  
you mine  
You my Juliet I never let the jealous ones in between and thats a safe bet and we could get the  
study in after school is over homework is a must so we can come over and have the words we cou  
hit the mall zip ices and cotton candy and after that come chill wit the family

[Chorus 2 (Solange)]

Got to tell you how you have me  
I'm so happy that you came in here and changed my world  
Bye Bye sadness hello Romeyyyy your the only boy thats got solange so in love  
I'll follow you to the moon and the sky above
