

# Lil Tay, SUCKER 4 GREEN

I walked in the party  
No friends on my arm  
You got my attention like a fire alarm  
I don't wanna lose ya  
I don't wanna lose ya  
I'm just looking through ya, you see my Medusa

Money, money, money  
Money, money, money

I just can't look away from it  
I want it, want it, want it

When you try to leave  
I got you paralyzed  
Fall for it every time

You got me screaming  
At the top of my lungs  
I must be dreaming  
I can't get enough

You got me dripping off that look in your eyes  
What you do to me  
I'm a sucker for green

Some calling it a sick obsession  
Nothing wrong with being rich and blessed and  
I just want a few yachts and mansions, right now (Right now, brr!)

Birkin bags and big diamonds  
Dropping racks on my island  
Got a touch like I'm Midas (Touch it, touch it, love it, love it)

Oooh, it's the way you keep looking at me-e-e (Ahhh)  
I can stand the heat of a million degrees  
Fuego! (Oh)

Money, money, money  
(I just want your)  
Money, money, money  
I just can't look away from it  
I want it, want it, want it!

You got me screaming  
At the top of my lungs  
I must be dreaming  
I can't get enough

You got me dripping off that look in your eyes  
What you do to me  
I'm a sucker for green

Forgot to mention  
You stay in my head  
You're my obsession  
Can't get out of bed

You got me dripping off that look in your eyes  
What you do to me  
I'm a sucker for green

What would I do without ya (money!)

We got a lil thang (Illuminati!)

And i'm just lovin' that (cash! cash!)

It's comin' and it's goin so (fast! fast!)

What would I do without ya (money!)

We got a lil thang (Illuminati!)

Cause all I want is your dollar signs  
got me spending it all the time

Oooh, it's the way you keep looking at me-e-e (Ahhh)  
I can stand the heat of a million degrees  
Fuego! (Oh)

Money, money, money  
Money, money, money  
I just can't look away from it  
I want it, want it, want it!

You got me screaming  
At the top of my lungs  
I must be dreaming (I must be dreaming)  
I can't get enough  
You got me dripping off that look in your eyes  
What you do to me (Whatya do to me)  
I'm a sucker for green
