Take your time, Uzi (Take your time)
(Seroquel, seroquel)
Take your time
(Yeah)

I don't know if you really in love with me now (Now)
(Where am I?)
I don't know if you really in love with me now
(Why would you fall in love?)
I don't know if you really in love with me now
(Why? What's up with the drugs? Say why?)
I don't know if you really in love with me now
(Don't tear my heart into pieces, you're too precious)
Seroquel, Seroquel
Seroquel, Seroquel (Yeah, you're too precious)
Seroquel, Seroquel (Don't tear my heart into pieces, you're too precious)
Yeah (Who you know that's up in your love?)

Nowadays I am so numb (Numb)
This love it go me so dumb (Dumb)
I thought that you was just done (Done)
But when you see me you run (Run)
I don't know why you can't stay (Stay)
I'm not gonna lie, I want you (Yeah)
I know what I did was wrong (Wrong)
But I still can just fall through, ooh
Seroquel got me trippin' (Trippin')
Seroquel got me dippin' (Dippin')
Maybe it's the prescription but you lookin' oh so nice
Seroquel got me trippin' (Yeah, trippin')
Seroquel got me dippin'
Maybe it's the prescription but you lookin'

I don't know if you really in love with me now (Now)
(Where am I?)
I don't know if you really in love with me now
(Why would you fall in love?)
I don't know if you really in love with me now
(Why? What's up with the drugs? Say why?)
I don't know if you really in love with me now
(Don't tear my heart into pieces, you're too precious)

I know what I want, I know when to fall through
I needed you to when I call you
Ooh, ooh, ooh-ooh

I love you like I love my Seroquel
I love you like I love my Seroquel
(I love you like I love my Seroquel)

I don't know if you really in love with me now
(Why would you fall in love?)
I don't know if you really in love with me now
(Why? What's up with the drugs? Say why?)
I don't know if you really in love with me now
(Don't tear my heart into pieces, you're too precious)
Seroquel, Seroquel
