

Lil Wayne, I'm Raw

Mic check 1, 2 on the way to third
Flow sick; put a straight jacket on my words
So sick, they think theres something in the herb
They think im gone, but im fine like a womans curves
My personality is far from your reality, i'm closer to your girl
Now come on hold on embarrass me, there is no comparison
This right here be kerosene, carousel, parasail, im higher than everything
When I spit u cant drink it like your 17
I can show a million pair of eyes that theyve never seen,
And I can do this in whatever the weather brings
Picasso couldnt paint a better scene, colossal
Now give me the mike and i'll rock like a fuckin fossil
I'm mad at the track, and i'll beat it like hector commadule
Wats poppin, wat it do, wats happenin, wats crackin, que pasa
The hospital, mi casa su casa, bad, i'm red, and these niggas just squares
Like plaid, and if theyre cool, then i'm cold, I gets money all day like the toll bitch
(chorus)
im raw (x8)
i got the _ low i can see the floor (x2)
im raw (x8)
im bout to murder this shit (x2)
im a b.e.t soldier and a MTV gangsta
i will be on VH1 when i'm done being famous
explain shit i have made my way
and you are just a stain bitch you will fade away
like a homerun in the bottom of the 9th inning
and im fresh like im by mining
im on the clock like 5 minutes
tryna get passed the line of scrimmage yeah..
and before i leave her thighs spinnin
she give me face first like she done dived in it
and if she tall i can climb in it
i usually dont have a time limit
and eating pussy aint a crime is it
if so i should start working on my jail visits
you know
i'm in the game they just sell tickets
man i got old bread like stale biscuits
feeling froggy all you gotta do is yell ribbit
turn ya ass to a statue like an exhibit
now lets get it , let me at em
leave my cage open
with no pyro i leave the stage smokin
bitch the best thing since breath bitch
suffocate
(chorus)
im raw (x8)
i got the _ low i can see the floor (x2)
im raw (x8)
im bout to murder this shit (x2)
it go uptown uptown operation shut down
wake up to polices and go to sleep to the gun sound
your not a gorilla your a dead monkey
caz i got a banana clip and these red monkeys
what you said don't be afraid to say it twice
and they say life is cheap until you pay the price
its just like takin dice but i hope you roll a winner
and if your a rat your just a cobras dinner
yall aint fuckin with me niggas under a g
like the light part of my feet
and so what them niggas left me
when they get cold i turn into wayne gretsky
