

Lily Frost, Secrets

You spilled, your shame; into, my trust; you feel, relieved; I feel, exhaust; and now I can't tell a soul

Years..., gone by...; I've been, tongue tied; I've leant, my ears; to quell, your fears; the truth... is known

(Chorus: We know less..., and less...; and time will increase it; and how do I, keep all these secrets)

(Break).

I was raised, in a home; where mums, the word; where guilt, confessions; changed my world; the past

Now it makes, me think; the truth, is few; and far, between; what's real, is seen; in subtle, knowing

(Chorus).

(Break).

Ah...-ah, ah-ah-ah-ah-ah-ah-ah) (x 15); ah-ah-ah-ah-ah-ah-ah, ahhh....
