

# Limahl, Too Much Trouble

You've been gone for a little while  
I've noticed there's a change in your smile  
Oh how you've made your message loud and clear  
But these are not the words that I expected to hear

Do do do...

You give me  
Too much, too much, too much trouble  
Too much, too... you give me too much trouble  
Too much, too much, too much trouble  
Too much, too... you give me

If you want to try we could just be friends  
But please tell me should you have to pretend  
Lovers heartbreaks make the sweetest sounds  
And I can hear you when you are around

Do do do...

Don't give me  
Too much, too much, too much trouble  
Too much, too... you give me too much trouble  
Too much, too much, too much trouble  
Too much, too... you give me

"(Repeat choruses to fade)"
