

Limp Bizkit, Sey Something Sayable

Hey motherfucker
Hey bitch motherfucker
Bitch got a twitch for the ditch motherfucker
I see you dug yourself a ditch for your dancin
Pop goes the weasel now it's all avalanchin
I see your lips movin
I hear your voice sewin
Oh my god it's official you have now ruined
Any ounce of cred you had at all instead
Gave into demons who kept blowin up your fuckin head
It must feel glorious
Actin like a whore and just fakin it for all the fans
Takin everything you can
No consequences
Your fuckin conscience pended
You sucked the cocks of all the heroes that you once offended
No loyalty, you claim your ground is royalty
You saved yourself before you ever helped a boy in need
We hope to see ya soon
To bust your fake balloon
And thank God you fixed your vocals with the auto tune
If you wanna say somethin
Then say somethin sayable
Say somethin somethin sayable
Say somethin somethin sayable
Stop playin around cause your shit ain't that playable
If you wanna say somethin
Then say somethin sayable
Say somethin somethin sayable
Say somethin somethin sayable
Stop playin around cause your shit ain't that playable
