

Linus and Simona, What Happened To Your Love

Whats happened to your love?
Whats happened to my love?
Weve been together for so long
But now the feelings gone
Could you give me one more try?
I will never make you cry
Yes, Ive made mistakes before
Give your hand lets go for more
Oh baby, you came back again
Your eyes are shining like a flame
I thought I would forget your touch
But now I love you so much
Whats happened to your love?
Whats happened to my love?
Weve been together for so long
But now the feelings gone
I do remember your first words
And silences broken down my heart
I want to dream about sky blue
If I can darling stay with you
Lets walk we did it for the first time
Along the wavy sea shore line
Please smile you always did to me
Oh baby, tell what do you feel?
Whats happened to your love?
Whats happened to my love?
Weve been together for so long
But now the feelings gone
