

# Linda Davis, I Took The Torch Out Of His Old Flame

(Tim Ryan Rouillier/Leslie Satcher )

I took the torch out of his old flame  
Now he chasing after a faster train  
I used kisses sweet as rain  
When I took the torch out of his old flame  
She had a chance to wear his ring  
But she had her mind on other things  
Now he through playing her little games  
Cause I took the torch out of his old flame  
All it took was one little look of love  
Now he burnin' for my tender touch so sincerely  
I give him everything he needs  
Every time I hold him close to me  
And when I started whisperin' his name  
I took the torch out of his old flame
