

Linda Davis, Love Didn't Do It

(Steven Dale Jones/Bobby Tumberlin)

You say love's left you high and dry
Except for those tear drops in your eyes
You say love's really done you in
Oh, but love didn't do it - she did
You say love's always done you wrong
Turned your heart as cold as stone
It's made you never want to try again
Oh, but love didn't do it - she did
You know love didn't slam the door
And it didn't make you walk the floor
Love didn't break no promises
Oh, love didn't do it - she did
Love is patient, love is kind
The sweetest thing that you could hope to find
So you can't blame love for the shape your in
Oh, love didn't do it - she did
Oh, you know love didn't slam the door
And it didn't make you walk the floor
Love didn't break no promises
Oh, love didn't do it - she did
Oh love didn't do it, love didn't do it
Oh love didn't do it
