

Linda Eder, Until I Don't Love You Anymore

I reserve the right for once in my life
to lay down in a field of grass
I'll be still and quiet, just count the stars
from here to Mars, I will hold my breath
Until I don't care, Until I am sure
Until I am strong just like before
I will lie beneath the sky
Til I don't love you anymore
Until the stars refuse to shine
And the moon won't come at night
I wont cry, just close my eyes
Til I don't love you anymore
I'd walk through the fire, for one last time
Just to stand beside your flame
But what good would that do if I can't have you
How much longer must I wait?
Until I don't care, Until I am sure
Until I am strong just like before
I will lie beneath the sky
Til I don't love you anymore
Until the stars refuse to shine
And the moon won't come at night
I wont cry, just close my eyes
Til I don't love you anymore
Does anybody really know
Why somebody loves someone?
The way I belong to only you
If anyone could tell me how
How to go on without you now
I would simply do without you
I'd just count the hours
Until I don't care, Until I am sure
Until I am strong just like before
I will lie beneath the sky
Til I don't love you anymore
Until the stars refuse to shine
And the moon won't come at night
I wont cry, just close my eyes
Til I don't love you anymore
Until I don't care, Until I am sure
Until I am strong just like before
I will lie beneath the sky
Til I don't love you anymore
Until the stars refuse to shine
And the moon won't come at night
I wont cry, just close my eyes
Til I don't love you anymore
