

Linda Teodosiu & Rania Zeriri (DSDS), Don't Bring Me Down

Linda:

When I awake, on this beautiful morning
and I truly find it hard to be alone.
When I am alone, when I'm just the only
and I cannot stand the pain I'm driving home
Then I close my eyes, and then I dream of you
Then I close my eyes, I wanna be with you
Don't bring me down, without a clue
You can't be me, I can't be you
I get no sleep, you said goodbye
give me a chance, just one more try
I cannot hide all my pain and when I will see you
See you back again.

Rania:

You make me feel, it could be forever
All the lovers don't get lucky all the time
With you my heart, we stay together
Oh I know there is a way that we will find
Then I close my eyes, and then I dream of you
Then I close my eyes, I wanna be with you

Linda:

Don't bring me down, without a clue
I can't be me, I can't be you
I get no sleep, you said goodbye
give me a chance, just one more try
I cannot hide all my pain and when I will see you
See you back again.

(Rania: Without a clue, can't be you, say goodbye, just one more try)

(Linda: Back again)

Razem:

Don't bring me down, without a clue
I can't be me, I can't be you
I get no sleep, you said goodbye
give me a chance, just one more try

Linda:

I cannot hide all my pain and then I will see you

Rania:

See you back again.
