

Lindi Ortega, Committing Crimes

And now you're coming after me
You know I know you want it
Cause everybody wants a piece
It's mine and you can't have it
But still you try to state your claim
Loyalty overrated
And when you look for who's to blame
Just find the one who's jaded

All of this time
You wasted mine
I thought I knew you
All of this time
Committing crimes
I thought I knew you

I gave you everything I could
You want what I can't give you
I guess you never understood
You think I'm out to get you
I never wanted it this way
But now we're separated
And when you look for who's to blame
Just find the one who's jaded

All of this time
You wasted mine
I thought I knew you
All of this time
Committing crimes
I thought I knew you

(repeat chorus)

But I don't
But I don't
But I don't
But I don't
