

# Lindsay Pagano, #1 (With A Bullet)

My bad was not to let you in  
When you stood by me better than a best friend  
And I thank you for givin' me a hand  
Now I'm your biggest fan  
Hercules, Superman

(Chorus)  
You're #1 with a bullet baby  
When it comes to sparks you're making all the marks  
You're #1 with a bullet honey  
In this heart of hearts, you've been tearin' up the charts

Shame, shame I almost didn't see  
Who you were inside how much you mean to me  
So lets go right up to the top  
Hold me and do not stop  
Baby boy hit the spot

(Chorus)

It's the one thing that's ever changing  
I always have a place I can go  
Whenever this world gets to crazy  
Your love will save me  
Oh boy

(Chorus)
