

Lindsay Pagano, Everything U R

love can b complicated
2 often mistranslated
1 word for all dynamics
leads 2 problematic
emotions & affections
feelins in all directions
sometimes a simple action
creates satisfaction
& as long as u r mine
i will take the time 2 let u know
what i feel cuz
all i need is everything u r
complete and if u ever fall
ill b here standing in the shadow of my heart
cherish is lost 2 chatter
mind games over matter
im not looking for suggestions
more answers with question
i speak in hugs & kisses
cuz true love never misses
i will lead or follow
2 b with u tomorrow
all i need is everything u r
complete and if u ever fall
ill b standing in the shadow of my heart
there's nthing u could ever say boy
2 make me wanna walk away
and as long as u r mine
i will remind myself that this love is real
all i need is everything u r
complete and if u ever fall
ill b standing in the shadow of my heart
