

Lindsey Buckingham, Time Bomb Town

I got a bad complication
I keep it to myself
I got some strange information
I can't think of nothin' else
These must be about a million
Single ways to go down
'Cause I'm a lonely stranger
In this time bomb town
I got some strange information
I keep it to myself
I got a bad reputation
I can't think of nothin' else
There must be about a million
Single ways to go down
Oh I'm a lonely stranger
In a time bomb town
Oh there must be about a million
Single ways to go down
Oh I'm a lonely traveler
In this time bomb town
Oh there must be a million people
They're all trying to make it down
'Cause they're just lonely travelers
In this time bomb town
