

LION BABE, Treat Me Like Fire

(Treat me like) Treat me like
(Treat me like) Treat me like
(Fire) fire (fire) fire
(Into the pain) Into the pain
(Into the pain) Into the pain

Hey boy, I like your style
Come over here, let's talk a while
Yeah you, I'm curious
What we would do, the two of us
What would you like to do, do?
I'll introduce to you, too
My eyes, my lips, my hair
If you're good we'll go from there.
I'm feeling you, and I know that you want me too
In the end I'm doing me, that's all you got to see.
Hey, that's just how it is, but I got a touch of this
I'm advent-I'm adventurous, if you want me you should just...

(Treat me like) Treat me like
(Treat me like) Oh
(Fire) fire (fire) fire
(Into the pain) Into the pain
(Into the pain) Into the pain

I'm in the light, I glow
But you know not to touch me, cause it might burn
If it don't work
But soon you'll see the truth after the smoke
Aah aah aah... fire!
Fire, ooh ooh, fire, ooh ooh
Fire, ooh ooh, fire

(Treat me like) Treat me like
(Treat me like) Treat me like
(Fire) fire (fire) fire
(Into the pain) Into the pain
(Into the pain) Into the pain

I gotta go now, got, got, I got to go now
Boy, the thing you do
Makes me wanna run and never hurt you
Understand, it's just how I am
Might be too much for you
Either way I'm telling you

(Treat me like) Treat me like
(Treat me like) Treat me like
(Fire) fire (fire) fire
(Into the pain) Into the pain
(Into the pain) Into the pain

(Treat me like) Treat me like
(Treat me like) Honey treat me like
(Fire) fire (fire)
(Into the pain)
(Into the pain)
