

# Lion's Share, Through The Clouds

I never thought  
that you would leave me  
You'd always be by my side  
You'd never walk away from me

But then one day I still remember  
Just like it was yesterday  
You told me now it's over

And through the clouds,  
on a rainy day  
I see your face  
Always close yet so far away

And now my days,  
are without meaning  
I wake up with dreams of you  
Just emptiness tomorrow brings,  
just emptiness

And through the clouds  
on a rainy day,  
I see your face  
Always close yet so far away  
It's tearing me apart  
And through the clouds,  
on a rainy day  
I call your name  
Always close yet so far away

And as the days go by  
I slowly break down and cry
