

Lionel Richie, She's Amazing

She came on scene
I felt like I was in a movie, She parted the room
The way that Moses did the Red Sea
And from across the room
I felt her body talking to me (yeah)

Cause thing about her, thing about her
Is she was amazing, So amazing

[Chorus:]
She's amazing
She's amazing

No man alive would ever dream of talking to her
She gave off a vibe like
Come Tom, I want to see ya
And for whatever reason, I was feeling lucky that day

Cause thing about her, thing about her
Is she was amazing, So amazing

[Chorus]

She's amazing in the daylight, She's amazing in the night,
Once you see her, She's the only thing on your mind

She's amazing, She's amazing, Every time she walks in to the room
She's a party girl, She's a party girl
Start dancing in the streets, Cause she's amazing

She's a party girl ...
