

Lisa Brokop, Take That

I found somethin' you've been hiding
I know exactly what you've done
No use tryin' to deny it, you ain't foolin' anyone
I don't need a sunny day to see the light
The proof is in my hands
it's there in black and white
So here's some things that I think you might
wanna pack real careful in your bags tonight

Take that, letter from your girlfriend
take that gold ring off your hand
As long as your going, don't look back
The door says exit baby, take that

For a long time I've had my suspicions
And you just fed the fire again
So don't leave nothing to remind me
of what a fool I've been
Your act like you don't know what I'm talkin' about
Your hoping that I'll see the shadow of a doubt
Trust me that aint gonna happen now
So do me a favour while your walking out

Take that, letter from your girlfriend
Take that gold ring off your hand
As long as your going, don't look back
The door says exit baby, take that

You act like you don't know what I'm talking about
Your hoping that I'll see that shadow of a doubt
Trust me that aint gonna happen now
So do me a favour while your walking out

Take that, letter from your girlfriend
Take that gold ring off your hand
as long as your going, don't look back
The door says exit baby... while your at it
Take that promise that you gave me
Make this heartache disappear
Take that
Baby, take that
Better take that
