

Lisa Bund, Care For You

Hear the wind in the trees
Looking to the falling leaves
The sun hanging low
The summer seems so long ago
But no matter how far you may be
I'm sure you're in my dreams
And no matter oh where you may be
Care you're in my heart you can trust me
You know that I care for you
And I'll always be there for you
You know that I care for you
Our love will still remain
I'm dedicated to you
I walk down the road
Can't stop thinking of you
I've waited for you call
Listen to your sweet hello
But no matter how long it will take
I'm sure you're in my heart
And no matter what I have to make
I'd proved my love is not a fake
You know that I care for you
And I'll always be there for you
You know that I care for you
Our love will still remain
I'm dedicated to you
I'd pictured this moment
A thousand times before
To tell you
My heart is an open door
Cause I love you more (and more)
You know that I care for you
'll always be there for you
You know that I care for you
Care our love will still remain
I'm dedicated to you
