

# Lisa Bund, Learn To Love You

I will learn to love you  
Feels like I'm lost in a dream  
that heaven sent  
Thats what you do  
Cause this is a kind of love  
that never ends  
Never ends  
I kept my feelings under  
e yoa locking key  
I could not show you  
It was killing me  
I will learn to love  
And to give you only  
the best of me  
And when you're away  
There is nothing left in me  
or to go  
To be true  
It's not ugly share to say  
I will learn to love you  
Learn to love you  
Here is my promise  
that I make tonight  
Thats what I do  
You can count on me  
for your whole life  
ohhho  
Now I know before you I was blind  
So I open up my mind  
And tell you  
I will learn to love  
And to give you only  
the best of me  
And when you're away  
There is nothing left in me  
or to go  
To be true  
It's not ugly share to say  
I will learn to love you  
I will learn to love you  
You are a flame in my heart  
You're my light in the dark  
I will learn to love  
And to give you only  
the best of me  
When you're away  
There is nothing left in me  
or to go  
To be true  
It's not ugly share to say  
It's not ugly share to say  
I will learn to love you  
As long is my heart is beating  
I will learn to love you
