

Lisa Chappell, Desire

I don't want to think, I just want to feel
escape in your arms, splash around in your skin
'cause you woke me up from a sleep so deep
that now I can't live not without you
Let me run through the night - release my desire
let my soul scream out loud and take me higher
to the love in your arms cause you set me on fire
let it swallow me whole, let it swallow me whole
I know it's not right in other eyes
but with just one kiss you set me alight
with just one look you melt my heart
with just one touch you drive me wild
Let me run through the night - release my desire
let my soul scream out loud and take me higher
to the love in your arms 'cause you set me on fire
let it swallow me whole, let it swallow me whole
Oh desire
oh desire
oh desire
oh desire
I can't control this heart of mine
I couldn't do it even if I tried
no I won't control this heart of mine
I couldn't do it even if I tried
Let me run through the night - release my desire
let my soul scream out loud and take me higher
to the love in your arms 'cause you set me on fire
let it swallow me whole, let it swallow me whole
Oh desire
oh desire
oh desire
oh desire
