

# Lisa Germano, Everyone's Victim

Undone, everything's over  
High strung, minutes are floating  
Breakdown, my thought are cracking  
Don't you come a step closer  
Hard tounge, silence isn't golden  
Unsung, unspoken heroes  
Mouths shut, injury is opened  
Madness, dangerous problem  
Dododododododod (etc.)  
No fun, everyone's closing  
Mind flown, visions are scattered  
Anger, shocking in circles  
Guilty, powerless feeling  
I am everyone's victim  
I am everyone's victim  
I am  
Everyone's victim  
I am everyone's victim  
I am everyone's victim  
I am everyone's victim
