

# Lisa Loeb, I Wish

i wish for a place  
where the earth doesn't shake  
and if the world won't be still, then i will  
and my friends can be my family,  
and they will be my company  
then i'll take them to a party and we'll have fun

can you tell me if i'm near to anywhere but here?

i wish for a place that's not such a waste  
i can tell the girls my name,  
it's okay although it's plain
