

Lisa Loeb, Probably

I probably want to hold your hand
I probably want to kiss you
You'll probably misunderstand
I'll probably miss you
Lately it seem nothing's clear
I probably need my glasses
You come in and out of focus
I wonder if you notice

[Chorus]
I probably love you
I probably love you
The grass is probably green
The sky is probably blue
I'd probably do anything for you
I probably love you

You probably know just what I'm thinking
You probably don't feel like I do
You probably think I'm crazy
It's probably true
Lately everything's changed
I hardly know who I am
My heart pounds
I can't sleep
I've come to this conclusion
[Chorus]

What is it about you
That makes you different from the rest
You touch a part of me
I didn't know exists

I probably love you
Probably do
Chorus
I probably love you
I probably love you
Probably
