

# Lisa Marie Presley, Idiot

Please remember me  
Forever believe in me  
As someone whose never gonna wish you well  
Im gonna tell you what I think about you in that unforgivable way I do  
Youre an idiot  
And I hate your guts  
I guess Im about as happy for you as I would be a cockroach in my food  
I know its terrible I really hate you though  
Do you have your fairytale lie  
Are you dancing to the white trash twist  
Please remember me  
Forever believe in me  
As someone whose never gonna wish you well  
I heard the thing that you hate about me  
Almost every day  
But you still wouldnt leave  
I had to pull the plug  
I hated your guts  
And I heard the opposite of love isnt hate  
Its indifference but I cant relate  
Its not good enough  
Cause I hate your guts  
Did you settle your mediocre mind  
You had the fine wine your better off with Bud Light  
Please remember me  
Forever believe in me  
As someone whose never gonna wish you well  
Please remember me  
Forever believe in me  
As someone who wants you to go to hell  
Youre raining youre boring oh did you hear me snoring  
Id wanna mutilate myself when Id talk to you  
So here we have it I hope you can tell  
That Im no referral you can have em call hell  
Youre gonna drive em nuts  
Theyre gonna hate your guts  
Please remember me  
Forever believe in me  
As someone whose never gonna wish you well  
Please remember me  
Forever believe in me  
As someone who wants you to go to hell  
Please remember me  
Forever believe in me  
As someone whose never gonna wish you well  
Please remember me  
Forever believe in me  
As someone who wants you to go to hell
