

Lisa Mitchell, Spiritus

Heart is lost
Like a lost little one
I can't stop
Thinking there's something I forgot...

I'll forget you, I'll forget you
I'll forget you, I'll forget you

Young one,
There's a big sun,
And my love, my love, my love, my love,
Shines on!

Oh!

Young one,
There's a big sun,
And my love, my love, my love, my love,
Shines on!
(Shines on and on)

Hopelessness
well it's over now
Spiritus
you're still with me somehow

Young one,
there's a big sun,
and my love, my love, my love, my love,
shines on! (Shines on, and on)

Young one,
there's a big sun,
and my love, my love, my love, my love,
shines on! (Shines on, and on)

I'll forget you, I'll forget you,
I'll forget you, I'll forget you,
I'll forget you, I'll forget you.

Young one,
there's a big sun,
and my love, my love, my love, my love,
shines on! (Shines on, and on)
