

Lisa Stansfield, Didn't I

I didn't realise that you were someone else
Until it was too late
So fooled by your disguise, carried away
I thought you were my friend
But things change and you along with them
Gone are the days when we laughed through the night
And it will never be the same
I said it wouldn't last forever didn't I, didn't I
Don't want to say I told you so but didn't I
I gave you all my heart and soul and didn't I cry
Bus somewhere deep in your heart, deep down inside
I got to you
Oh baby didn't I
We made no promises, we lived for every moment
Together come what may
What need was there to lie, for heaven's sake
I love you anyway
But things change and time heals the wounded
Where there was pain there's a scar on my heart
Now I can't look at you the same
I said it wouldn't last forever didn't I, didn't I
Don't want to say I told you so but didn't I
I gave you all my heart and soul and didn't I cry
Bus somewhere deep in your heart, deep down inside
I got to you
Oh baby didn't I
