

Lisa Stansfield, Don't Stop Me For A Mailman

Don't stop me for the mailman
This note I don't understand
Don't stop me for the mailman

I've read it once before
And I can't believe it's true
Amazing how just one note
Can leave me sad and blue

It makes me want wanna shout
Oh throw that letter out
It's like a paper dart
It's heading for my heart
I hope it's not the truth
There's nothing left to lose
Just one more victim
Of the postal blues

Don't stop me for the mailman
This note I don't understand
Don't stop me for the mailman

I've read it once before
And I can't believe it's true
Amazing how just one note
Can leave me sad and blue
It makes me want wanna shout
Had I been a lady cop
I'd be in a state of shock
I'd never be the same
There just goes to show
How low that guy can go
To run off with a girl he can hardly know

Don't stop me for the mailman
This note I don't understand
Don't stop me for the mailman

I've read it once before
And I can't believe it's true
Amazing how just one note
Can leave me sad and blue

Had it been a lady cop
I'd be in a state of shock
'Cos two more death in a plane
I'd never be the same
It just goes to show
How low that guy can go
To end up with a girl he can hardly know

Don't stop me for the mailman
This note I don't understand
Don't stop me for the mailman

Mr mailman
Mr mailman
Mr mailman
Mr mailman
Mr mailman

Mr mailman
Mr mailman
Mr mailman

Mr mailman
Mr mailman

I now know where the answer lies
That's what she was for
He's always had a liking for a girl in uniform

Don't stop me for the mailman
This note I don't understand
Don't stop me for the mailman

Don't stop me for the mailman
This note I don't understand
Don't stop me for the mailman

Don't stop me for the mailman
Don't stop me for the mailman
Don't stop me for the mailman
Don't stop me for the mailman

Don't stop me for the mailman
Don't stop me for the mailman
Don't stop me for the mailman
Don't stop me for the mailman
