

Lisa Stansfield, Eime To Make You Mine

If I could change the way I live my life today
I wouldn't change a single thing
Cos if I changed my world into another place
I wouldn't see your smiling face
Honey don't you worry, there's nothin to worry for
Cos if I didn't love you I wouldn't be here now
And if I didn't want you I would have turned around by now.
You've got to believe me babe, believe that I love you so
Cos if I didn't love you, I would have turned around
And if I didn't want you, then I would want you out.
This love, this love has filled me up
Ooh my love I'll never give you up
Cos I'll always want your love
Believing is the answer, the answer to all your fears
When I first said I loved you, I want in for the ki
Now when I say I love you, I mean I always will
This love, this love has filled me up
Ooh my love I'll never give you up
Cos I'll always want your love
If I could change the way I live my life today
I wouldn't change a single thing
Cos if I changed my world into another place
I wouldn't see your smiling face
