

Lisa Stansfield, So Natural

(L. Stansfield/I. Devaney)

Chorus:

It's so natural the way you touch me

So natural the way you run your fingers through my hair

It's so natural the way you make me feel like I'm a lady

It's so natural the way you care

It's so natural

When I feel low, you pull me higher

You warm me up, set me on fire

Well there's no way in this world

I could ever be without you

You come home, and I am waiting for you

To come over and give me hungry kisses

of love, of love, so true

And there's no way in this world

I could ever be without you

Chorus

With hands so warm, you touch my very soul

You pull me closer, so I won't feel the cold

Just love, love, Your love, so true

And there's no way in this world

I could ever be without you

Swimming in the love you give me

It's so natural
